**Mission Metered LED Aerosol Dispenser**
Programmable. Great for use in hotels, motels, stores, offices, rest rooms, and nursing homes. A powerful neutralizing fragrance dispels malodors. Approximately 3000 sprays per canister. Takes two alkaline “C” batteries (not included). Each dispenser/cartridge effectively deodorizes 6000 cubic feet for a minimum of 30 days. Features include: adjustable dispensing interval, reset button, LED battery and refill indicator.

- 320141 Dispenser, white
- 323900 C cell battery
- 322508 Citrus 6.6oz/12cs
- 322701 Super Odor Neutralizer (Lemon/Lime) 6.6oz/12cs
- 322505 Pine 6.6oz/12cs
- 322509 Herbal Spring 6.6oz/12cs
- 322965 Very Berry 6.6oz/12cs
- 322960 Native Mango 6.6oz/12cs
- 324726 Vanilla Carmel 6.6oz/12cs
- 322513 Piña Colada 6.6oz/12cs
- 322961 Pacific Peach 6.6oz/12cs

**Deodorants & Dispensers**

**Deodorant Systems**

**Technical Concepts Microburst 9000**
Lowest cost in use solution, 9000 sprays per refill, three times the amount of the competition. 90 to 180 days of maximum odor control from one refill. Dispenser activates every 7 or 14 minutes and has a 3-year battery life. Microtrans (odor neutralizer) breaks down and eliminates malodors. Powerful, consistent, fresh fragrances reinforce the standard of restroom cleanliness. Fragrance Preference Pack offers random rotation of fragrances (Linen Fresh™, Orchard Fields, Mountain Peaks, and Country Breeze)

- 321249* Fragrance Preference Pack 4pk
- 321244* Linen Fresh™ 4pk
- 321245* Orchard Fields 4pk
- 321246* Mountain Peaks 4pk
- 321248* Country Breeze 4pk
- 321218* Microburst 9000 Dispenser, white
- 324000 D Cell Battery

**Technical Concepts AutoClean®**
Keeps traps and bowls clean, eliminating odors at the source. Prevents buildup in traps and drains. Programmable dispensing for cost control on labor and chemicals. Prevents scaling and stains, which eliminates the need to scrub fixtures. 6 per case.

- 771379* AutoClean® Service chrome dispenser
- 770586 Purinel® cleaner
- 770476 Starter kit 3/4” connection
- 770475 Starter kit 1-1/4” connection
- 770477 Starter kit 1-1/2” connection

**TimeMist® In-Line System**
Cleans and deodorizes the entire urinal or commode with every flush. It’s a total cleaning system that pays for itself quickly by eliminating daily cleanings that ring up labor charges and chemical costs. An innovative refill cartridge contains enzymes, bacteria digesters and surfactants. It removes scale and stains, softens water and unclogs pipes and drains.

- 323400 3/4” In-Line System, urinal
- 323410 1-1/4” In-Line System, commode
- 323420 1-1/2” In-Line System, commode
- 323480 In-Line Installation kit
- 323250B In-Line refill cartridge, blue
- 323250C In-Line refill cartridge, clear
**Spartan Fresh'N Easy Airlift® Drip System**

The Fresh’N Easy, ready-to-use, restroom drip deodorizing system is a simple, low cost, odor counteractant method to automatically freshen urinals and toilets 24 hours a day. No mixing, no guess work, no messy spills. Each cartridge lasts one month.

- 329380 Fresh’N Easy Drip Dispenser
- 325801 Fresh Scent (refill) 32oz/12pk
- 325802 Smoke & Odor (refill) 32oz/12pk

**Georgia-Pacific Cormatic®/Ultima® Aire Freshener**

Pleasant fragrances effectively eliminate unwanted odors. Each gel lasts up to 3 months.

- 320451 Cherry Gel Cup, 12pk/2cs
- 320452 Citrus/Lemon Gel Cup, 12pk/2cs
- 324000 D Cell Battery
- 860720S Cormatic® Smoke Dispenser
- 860730 Ultima® White Dispenser

**Spartan Airlift® Scentre System**

An air deodorizing system designed to provide 24-hour-a-day freshness. More effective than gels and most liquids, one cartridge has 24 square inches of fragrance exposure providing constant air treatment for 30 days. An attractive cabinet with motorized fan allows 100% air flow.

**TIP!**

Restrooms and shower rooms are barometers of overall building cleanliness. These areas carry the stigma as the breeding ground for germs, bacteria, viruses and fungi. It’s a stigma that’s well earned. The dilemma is unique, no matter how well kept your building is, pristine carpets, glossy floors and sparkling glass, one encounter with a dirty restroom and a negative opinion will fall over the entire facility. When cleaning restroom areas, eye protection and protective gloves are especially important.
Liquid Deodorant Concentrates

**Spartan Airlift**
General purpose deodorant concentrate combats malodors caused by stale air, mildew, urine, vomit and other unpleasant odors. Smoke & Odor Eliminator attacks airborne molecules creating a chemical reaction for instant neutralization and destruction of nearly every offensive smell. Aerosols and quarts are ready to use, 1 & 5 gallon containers dilution 1:256 to 1:1.

- **Fresh Scents**
  - 3260950 Fresh Smoke & Scent Lemon Odor Elim. 3260850 3260860 16oz aerosol/12cs
  - 3230236 3230216 3230866 32oz/12cs
  - 3230221 3230201 3230891 1gal/4cs
  - 3230222 3230202 3230892 5gal

**Hillyard Air Fresheners**
Control odors in the air, on furniture, and on fabrics such as clothing, drapes, upholstery, and carpeting without staining.

- **Sugar & Spice**

Hillyard Odor Counteractant
Versatile, water-soluble deodorant formulated to suppress a wide range of objectionable odors. Easy to use and economical. Especially effective in deodorizing carpets.
- 321876 Herbal Scent, 32oz/12cs
- 321871 Herbal Scent, 1gal/4cs
- 321866 Lemon, 32oz/12cs
- 321861 Lemon, 1gal/4cs

CDC Liquid Odor-End®
Concentrated OCP formula mixes 1 to 2 ounces per gallon with water or cleaning solutions for use anywhere there is an odor problem. Not a mask or cover up, an odor counteractant that selectively filters out a broad spectrum of malodors allowing the pleasant odors to be perceived.
- 3211286 Wild Ruby, 32oz/6cs
- 3212131 Wild Ruby, 1gal/4cs
- 3211336 Tropic Isle, 32oz/6cs
- 3212271 Tropic Isle, 1gal/4cs

P&G Febreze® Fabric Refresher
Unlike deodorizers, it eliminates difficult odors caused by smoke, mold, and mildew. Patented technology locks onto odor molecules and traps them for good. Safe for virtually all fabrics. Effectively and permanently knocks out smoke odors.
- 3305150 1liter/6cs RTU spray
- 3347941 1gal/2pk 5x concentrate

Prochem® Fluorosil® Odor Neutralizer
A professional deodorizer product for routine odor control as well as tough fire and flood restoration problems. It neutralizes offensive smells created by microbial action. Fluorosil® Odor Neutralizer handles the tough problems with a tough solution and leaves a fresh, clean scent. Ready to use.
- pH 7-8
- 322241 A224, Floral, 1gal/4cs
- 322251 B224, Citrus, 1gal/4cs

Prochem® Double Shot Deodorizer
Enzyme-activated deodorizer attacks and digests organic residues that cause odors. Powerful deodorizer deals with odors at the source. Deodorizes organic odors on carpet, upholstery, and porous surfaces. Can also be used for general deodorization, or for sub-surface injection under carpet. pH 7-8, ready to use.
- 322751 A275, 1gal/4cs

CFR® Deo Reo 40
Deodorizes and reodorizes surfaces through a concentrated blend of chemical deodorants, odor neutralizers, and pleasantly fragranced re-odorants. Specifically designed for the CFR® cleaning system.
- Tropical mango scent.
- 203081 3AS003, 1gal/4pk

CDC Spring Green® Breeze
Dry aerosol, instantly counteracts air borne fabric and smoke odors. Concentrated formula; a one-second spray provides maximum odor control. Non-staining when used as directed.
- 3211019 10oz/12cs

Deodorant Powders
CDC Odor-End® Multi-Purpose Powder
Leaves carpets with that “just cleaned” scent all day long. Formulated with OCP for 24 hours of long lasting institutional strength deodorization. Concentrated-1oz per 100 ft².
- 3224149 Wild Ruby®, 2lbs can/6cs
- 3224115 Spring Green®, 2lbs can/6cs

CDC Dumpster Fresh Odor Counteractant
Effectively suppresses gaseous malodors. Just sprinkle super-absorbent Dumpster Fresh granules into the dumpster or waste container, repeat after each service, and odors are eliminated. Formulated with Citronella Oil to assist in controlling flying insects.
- 326000 1lbs can/12cs
**Disinfectants**

**Neutral Quaternary**

**Hillyard QT**
A hospital grade disinfectant/detergent cleaner, sanitizer, fungicide, mildewstat, virucide, deodorizer that cleans and controls the hazard of cross-contamination from environmental surfaces. With a neutral pH formula, it’s perfect for cleaning floors without damaging floor finishes. EPA registered. Dilutes 1:128.

331671 1gal/4cs  
331672 5gal

**Hillyard Re-Juv-Nal**
A concentrated, 1:64 hospital grade, quaternary disinfectant/detergent/cleaner/fungicide/mildewstat/deodorizer that cleans and controls the hazard of cross-contamination from environmental surfaces. Especially adapted for use on floors due to its neutral pH, pleasant floral fragrance. Effective in water up to 400 ppm hardness and in the presence of 5% serum contamination. EPA registered for spraying.

331661 1gal/4cs  
331662 5gal

**Spartan HDQ Neutral**
A neutral germicidal detergent/deodorant for human and animal care facilities. Mild on floor finishes which means it does not leave a film or tacky residue. Kills antibiotic resistant bacteria due to the two quat combination that even kills the HIV-1 (AIDS Virus) on washable surfaces. Kills nosocomial infections. Excellent for kennels, veterinary clinics, horse stables as well as animal hospitals due to its ability to kill parvo virus. EPA registered. Dilutes 1:128.

331021 1gal/4cs  
331022 5gal

**Spartan TB-Cide Quat**

331025 23oz/12cs w/3 trigger sprayers

**General Purpose Disinfectants**

**Mission Labs Clear Mint/ Clear Lemon**
A clean, crisp fragrance of mint or lemon in this disinfectant deodorant. Powerful enough to kill HIV type 1, staph, salmonella, and pseudomonas aeruginosa. For use on any inanimate surface. For maximum results leave area wet for 10 minutes. Great for sick rooms, hospitals, or clinics. EPA registered. Dilutes 1:64.

3351001 Mint 1gal/4cs  
3350421 Lemon 1gal/4cs
MISSION

To thoroughly disinfect a hard surface, the surface should remain wet for 10 minutes dwell time with the disinfectant solution. Even though most of the bacteria is killed in the first few minutes of exposure, the 10 minute kill time “window” is recommended by most manufacturers and the U.S. E.P.A.

Hillyard Green Select™ Disinfectant
Formulated to minimize the impact on the environment, reduce the risk to human health, and at the same time, improve worker safety and health. Low Volatile Organic Compounds and no fragrance or dyes. Using nanoemulsion technology, it is effective against TB in 5 minutes thus breaking the “Efficacy-Safety” paradox.

- **Hillyard Lemon Disinfectant**
  A concentrated, multi-purpose germicide detergent. Cleans and deodorizes in one labor saving step as well as having pseudomonacidal, staphylocidal and fungicidal claims. Lemon fresh scent. Dilutes 1:32.

  - 331791 1gal/4cs

- **Spartan Sterigent®**
  Excellent bactericide and deodorizer for use in schools, animal hospitals, motels, nursing homes and hospitals. Heavy duty all purpose quaternary ammonium compound. Makes an excellent cleaner and deodorant. EPA registered. Dilutes 1:42.

  - 3310551 1gal/4cs
  - 3310552 5gal
  - 3310555 55gal

- **Spartan Metaquat**

  - 3310131 1gal/4cs
  - 3310132 5gal
  - 3310135 55gal

- **Spartan Green Solutions Neutral Disinfectant Cleaner**
  Versatile, multi-surface cleaner disinfects inanimate environmental surfaces. Use on floors, walls, metal surfaces, stainless steel surfaces, porcelain, glazed ceramic tile, plastic surfaces, bathrooms, shower stalls, bathtubs, operating rooms, patient care areas, and cabinets.

  - 3335130 2-ltr/4cs
  - 3335021 1gal/4cs

- **Spartan PSQ®**

  - 3310601 1gal/4cs
  - 3310602 5gal
  - 3310605 55gal

- **Hillyard Green Select™ Disinfectant**
- **Spartan Metaquat**
- **Spartan Green Solutions Neutral Disinfectant Cleaner**
- **Spartan PSQ®**
- **Athea Disinfectant Wipes**

To thoroughly disinfect a hard surface, the surface should remain wet for 10 minutes dwell time with the disinfectant solution. Even though most of the bacteria is killed in the first few minutes of exposure, the 10 minute kill time “window” is recommended by most manufacturers and the U.S. E.P.A.

### Mission 10% Powdered Bleach

A heavy duty powdered 10% active chlorine bleach. Excellent for bleaching cottons, linens, nylon, dacron, orion and rayon. Color with white.
MISSION

Understanding the difference between Phenolic and Quaternary disinfectants: Phenols are carbolic acid based disinfectants which were once the only proven disinfectant that would kill tuberculosis (TB). Phenols are very harmful to floor finishes and should be used carefully. Quaternaries are newer synthetic disinfectants. They are proven killers of most bacteria. Recently some quats have been granted EPA approval as effective against TB. Quats with a neutral pH are safe to use on modern floor finishes.

Spartan SparCHLOR
A liquid chlorinated sanitizer formulated for use on food and non-food contact surfaces; CIP (clean-in-place) applications; egg, fruit, and vegetable washing operations. Recommended for use in dairy, seafood, meat and poultry processing facilities. SparCHLOR reduces 99.999% of bacteria such as E-coli and Staphylococcus aureus. No potable water rinse is necessary. pH 12.5, dilutes 1-10:128.

Spartan Acid Sanitizer FP
Cleans and sanitizes a variety of surfaces commonly found in dairy, beverage, food processing and farm applications. Effective against E-coli and Staphylococcus aureus. Prohibits the build up of milkstone and mineral deposits. Non-rinsing formula sanitizes bulk milk tanks, dairy and food processing equipment. pH<1

Kimberly-Clark® KimTech® Surface Sanitizer Wipe
This pre-moistened wipe is designed for easy sanitization in foodservice applications. Benefits include: sanitizes and cleans surfaces in one simple step, uses a fresh clean KimTech® Wipe every time, delivers right concentration of sanitizing solution every time, kills 99.999% of relevant bacteria on hard, non-porous surfaces, and has EPA and NSF registrations. It can be used in food prep areas or serving lines or guest tables and in restrooms.
